Local Electric Mobility: Information service programme of the Federal Ministry of Transport goes on winter break

Despite the difficult circumstances brought about by the pandemic, the Electric Mobility Roadshow of the Federal Ministry of Digital Affairs and Transport (BMDV) made stops in thirteen cities and municipalities throughout Germany in 2021. Information on climate-friendly electric mobility suitable for everyday use was shared by the information stand team on location at all the stops. Since 2014, the Electric Mobility Roadshow has visited more than 130 municipalities ...
