The name says it all: Support scheme now called "Export Initiative Environmental Protection"

The focus of the support provided by the "Export Initiative Environmental Protection" (EXI – Exportinitiative Umweltschutz) is on the benefits for the environment and people. The programme's name is now intended to convey this focus even more clearly. German green tech know-how is exported for greater environmental protection, higher environmental standards and better living conditions ...

HyExpert Neustadt a.d. Waldnaab – stakeholder workshop with 46 participants from industry and science signals project start

The district of Neustadt an der Waldnaab has qualified for the German government's HyLand competition with its Hy-Perspectives project. After already identifying suitable starting points for hydrogen technology in the HyStarter phase, the expert phase will involve developing an overall concept for a regional hydrogen economy which can be feasibly implemented ...
