## NOW Journal #20 – October 2022

### Hydrogen in intralogistics – industry pioneers meet in Leipzig

The meeting of the industry network, Clean Intralogistics Net (CIN), with over 100 participants from logistics, intralogistics, airports and suppliers in the fields of hydrogen and fuel cells, has demonstrated that the variety of fuel cell system providers is increasing, but that funding continues to be necessary ...

### Ensuring sustainable energy supply in the district with hydrogen

Stakeholder network for the 'HyStarter' project provides information on the current state of play. District administrator Edgar Wolff opened the event with 70 in-person attendees as well as online participants. Mr. Wolff was delighted that the Energy Agency's application had been successful and the district was one of 15 HyStarter regions selected nationwide ...

### Study published on mobile shore power in German ports

The study entitled "Mobile Shore Power – Technological Possibilities and Prerequisites" (MoLa – "Mobile Land Power – Technologische Möglichkeiten und Voraussetzungen") evaluates both the technological possibilities as well as the prerequisites for the use of mobile shore-side power solutions in German ports. Following the publication of preliminary results on 9 September 2022, the full study is now available for download ...

### Hydrogen buses and filling stations for the HyBayern HyPerformer Region

The districts of the HyBayern HyPerformer region of Munich, Ebersberg and Landshut, together with other partners from the private sector, intend to establish a green hydrogen cycle in the region by 2025 and invest in fuel cell buses for public transport. On Tuesday, 4 October 2022, the Federal Ministry of Digital and Transport (BMDV) officially handed over the funding notifications ...

### Hy-NATuRe – Green hydrogen in Reutlingen and Tübingen districts continues to gain momentum

Entitled 'HyNATuRe' (Hydrogen – Neckar-Alb-Tuebingen-Reutlingen), a joint roadmap for the successful establishment of a regional hydrogen economy is to be developed. The official project launch took place on 27 September 2022 in Motorworld Metzingen, not far from the only hydrogen refuelling station in the region ...
