Luksic: Taking a leading role in electromobility

Berlin, 08.02.2023 – Oliver Luksic, Parliamentary State Secretary at the Federal Ministry of Digital and Transport (BMDV), today handed over funding decisions totalling around 10 million euros for six research projects in Berlin. The consortia are being funded under the BMDV's Electric Mobility Funding Guideline ...

SH2unter@ports – New hydrogen project for port railways

The question of how to implement the operation of shunting trains at ports in a climate-neutral manner is now being addressed by a new joint project consisting of six partners from science and industry. The innovative research and development project was launched at a kick-off meeting on 26 January in Bremen ...
