BMDV launches third round of funding for climate-friendly buses

The Federal Ministry for Digital and Transport (BMDV) is entering the third round of funding for the changeover to buses with alternative drive systems and the necessary refuelling and charging infrastructure required for their operation. From 20.06.2023, outlines for the procurement of climate-friendly buses can once again be submitted ...

17 electric-powered articulated buses for Berlin: E-MetroBus project presents results

Today, it is primarily quiet, emission-free buses that run on the project line 200 between Hertzallee and Michelangelostraße in Berlin. They replace a total of 17 diesel vehicles in operation and have saved around 3,200 t of CO2 and approx. 400 kg of NOX during the project period alone, which ran between January 2019 and December 2022 ...
