NOW Journal #18 – September 2023

State Secretary Theurer opens 2023 BMDV expert conference on hydrogen in mobility

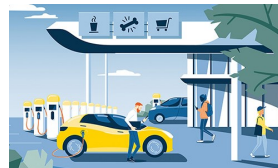

On 19 September, 2023, around 300 delegates from politics, industry and science discussed the future of hydrogen in mobility at the BMDV (Federal Ministry for Digital and Transport) expert conference of the same name. At a parliamentary evening the night before, there was a podium discussion and an opportunity to network ...

2 million euros funding for trolley buses of the future

Oliver Luksic, Parliamentary State Secretary at the Federal Ministry for Digital and Transport, today presented funding approval of over 2 million euros to the LibroDuct AAO consortium. The research team is working on battery-powered trolley buses that connect and disconnect from overhead cables fully automatically during operation and thus can be used in route sections without any overhead lines ...

The path to a zero-emission fleet: BMDV funds an additional 33 e-cars for Munich airport

The entire Munich airport fleet is to become emission-free by 2030. The Federal Ministry for Digital and Transport (BMDV) is supporting this project with a total of around 27 million euros. The latest additions are 33 vehicles and 17 AC charging stations. The BMDV is funding the investment in the amount of 225,716 euros ...
