NOW Journal #19 – October 2023

The Germany Network for electric cars is launched: BMDV awards contract for 8,000 additional fast-charging points nationwide

With the Germany network, the BMDV is ensuring a nationwide, demand-oriented and user-friendly fast-charging network throughout the country that bridges any remaining 'blank spots' on the charging map. The tender for the regional lots of the Germany Network, now near completion, contains 900 locations with almost 8,000 fast-charging points all over Germany ...

BMDV supports electric mobility with €45,000 in funding: Public utilities operator Berliner Stadtwerke opens charging park in the city centre

Berliner Stadtwerke has installed four new charging stations equipped with eight charging points in the district of Charlottenburg-Wilmersdorf in Berlin. The charging points at the newly revamped Olivaer Platz are part of approximately 240 new charging points at 120 charging stations in public spaces that Berliner Stadtwerke plans to build this year. Seven 22 kW AC normal chargers and one 50 kW DC fast charger are now available to users there ...
