NOW Journal #19 – October 2024

Zero Emission Shipping Symposium 2024 launched in Hamburg

On 8 October 2024, Germany's maritime community met in Hamburg: NOW GmbH – once again together with the Maritime Platform – invited participants to the Zero Emission Shipping Symposium for the sixth time. The focus was on environmentally and climate-friendly alternatives to conventional ship propulsion systems and fuels, as well as on green shipping corridors ...

HyPerformer HyBayern: Delivery of hydrogen from Pfeffenhausen has commenced

In Pfeffenhausen, the test operation of the delivery of grid-compatible green hydrogen has commenced. With immediate effect, this hydrogen will be supplied to filling stations in the districts of Munich and Ebersberg. The HyPerformer region HyBayern is to be fully operational by the end of 2024 and will help to save 4,500 tonnes of CO2 annually ...
